

Instructions for paying your Poodll invoice

October 25th, 2021

Poodll is located in Japan and we want making payment to be as easy as possible for you (and us). Thanks for taking the time to look over this document. It contains all the information you need to pay your invoice.

You can pay your invoice by credit card or various forms of bank transfer. If you wish to change the currency or bank details on the invoice, please contact us and we will do that for you. NB If paying by bank transfer, it helps if you can include the invoice number in the transfer details.

Paying by Credit Card

When your subscription is created, changed or renewed we send you an invoice PDF by email. You will also find a “Pay Invoice Now” button in that email. Click on the “Pay Invoice Now” button in the email to pay the invoice by credit card.

Alternatively you can add a credit card as payment method in your Poodll member's dashboard (<https://member.poodll.com>) . This will be visible to teachers and other staff with access to the dashboard. So only add a credit card as payment method if the people accessing the Poodll member dashboard have the authority to manage billing.

If an invoice has been issued you can also find a Pay Now link in the dashboard.

Paying via International Bank Transfer

Our main bank is located in Japan. You can transfer the invoice amount using international bank transfer and our bank's swift code. The details you need may vary slightly depending on your bank. All of the information should be in the table below. Send using the currency you were invoiced in and do not deduct bank fees from the invoiced amount. If bank fees are a concern for you, please choose another payment method.

Paying via Regional Account

Using the Payoneer service we have a number of bank accounts in different countries. To use these you will need to pay using the currency supported by the bank. We can issue an invoice for the currency you need, so please ask us to do that if necessary. You can only transfer money into these accounts from the specified region/country. Please include your invoice number when paying if there is a place to do so (that helps us)

NB Due to Payoneer regulations, only payments from the company accounts of registered companies will be transferred, i.e not from personal accounts.
